Operation Inherent Resolve

Separately, near Aleppo, Syria, coalition military forces conducted one airstrike against a network of veteran al Qa'ida operatives, sometimes called the "Khorasan Group," who are known to plot external attacks against the United States and our allies. The airstrike struck a tactical unit and destroyed a vehicle.

Airstrike assessments are based on initial reports. All aircraft returned to base safely.

The strikes were conducted as part of Operation Inherent Resolve, the operation to eliminate the ISIL terrorist group and the threat they pose to Iraq, Syria and the wider international community. The destruction of ISIL targets in Syria and Iraq further limits the group's ability to project terror and conduct operations. Coalition nations which have conducted airstrikes in Iraq include Australia, Belgium, Canada, Denmark, France, Jordan, Netherlands, United Kingdom and United States. Coalition nations which have conducted airstrikes in Syria include Bahrain, Canada, Jordan, Saudi Arabia, United Arab Emirates and the U.S.
