

Combined Joint Task Force

Operation Inherent Resolve
APO AE 09306

December 15, 2015
Release # 20151215-01
FOR IMMEDIATE RELEASE

Military Strikes Continue Against ISIL Terrorists in Syria and Iraq

SOUTHWEST ASIA- On Dec. 14, coalition military forces continued to attack ISIL terrorists in Syria and Iraq. In Syria, coalition military forces conducted six strikes using attack and remotely piloted aircraft. Separately in Iraq, coalition military forces conducted eight strikes coordinated with and in support of the Government of Iraq using fighter and bomber aircraft against ISIL targets.

The following is a summary of the strikes conducted against ISIL since the last press release:

Syria

- Near Ayn Isa, one strike wounded two ISIL fighters.
- Near Manbij, two strikes destroyed an ISIL excavator and an ISIL building.
- Near Mar'a, three strikes struck three separate ISIL tactical units and destroyed two ISIL fighting positions and wounded an ISIL fighter.

Iraq

- Near Al Huwayjah, one strike struck an ISIL vehicle borne improvised explosive device (VBIED) factory.
- Near Ramadi, four strikes struck an ISIL tactical unit and destroyed three ISIL light machine guns, an ISIL heavy machine gun, four ISIL fighting positions, an ISIL staging area, and denied ISIL access to terrain.
- Near Sinjar, three strikes struck two separate ISIL tactical units and destroyed three ISIL fighting positions, an ISIL heavy machine gun, an ISIL light machine gun, and halted an ISIL vehicle's movement.

Combined Joint Task Force

Operation Inherent Resolve

APO AE 09306

Strike assessments are based on initial reports. All aircraft returned to base safely.

A strike, as defined in the CJTF releases, means one or more kinetic events that occur in roughly the same geographic location to produce a single, sometimes cumulative effect for that location. So having a single aircraft deliver a single weapon against a lone ISIL vehicle is one strike, but so is multiple aircraft delivering dozens of weapons against a group of buildings and vehicles and weapon systems in a compound, for example, having the cumulative effect of making that facility (or facilities) harder or impossible to use. Accordingly, CJTF-OIR does not report the number or type of aircraft employed in a strike, the number of munitions dropped in each strike, or the number of individual munition impact points against a target.

The strikes were conducted as part of Operation Inherent Resolve, the operation to eliminate the ISIL terrorist group and the threat they pose to Iraq, Syria, and the wider international community.

The destruction of ISIL targets in Syria and Iraq further limits the group's ability to project terror and conduct operations. Coalition nations which have conducted strikes in Iraq include Australia, Belgium, Canada, Denmark, France, Jordan, Netherlands, the United Kingdom, and the United States. Coalition nations which have conducted strikes in Syria include Australia, Bahrain, Canada, France, Jordan, Saudi Arabia, Turkey, United Arab Emirates, the United Kingdom, and the United States.
